- 1/4 cup of cream cheese
- Salt and pepper to taste

Instructions

Follow these simple steps to create the perfect Crockpot Mashed Potatoes:

1. ****Prepare the Potatoes****: Start by peeling and chopping 5 pounds of potatoes. For a smoother texture, you can use a potato peeler and dice the potatoes into uniform pieces.
2. ****Cook in the Crockpot****: Place the peeled and chopped potatoes in the crockpot. Pour 1 cup of chicken broth over the potatoes. Cover and cook on high for 4-5 hours, or until the potatoes are tender and easily mashed with a fork.
3. ****Add Dairy Ingredients****: Once the potatoes are tender, add 1/2 cup of

sour cream, 1/4 cup of butter, and 1/4 cup of cream cheese to the crockpot.

4. **Mash the Potatoes**: Use a potato masher or an electric mixer to mash the potatoes to your desired consistency. They can be as smooth or as chunky as you like.

5. **Season to Taste**: Season the mashed potatoes with salt and pepper to taste. Give them a good stir to ensure the seasoning is well distributed.

6. **Serve**: Serve the mashed potatoes hot and watch them disappear quickly!

Notes

- **Potato Varieties**: For the creamiest mashed potatoes, consider using Yukon Gold or Russet potatoes.
- **Broth Alternative**: Vegetable broth can be used instead of chicken broth for a vegetarian version.
- **Consistency Control**: If you prefer a thinner consistency, you can add more chicken broth or a splash of milk during the mashing step.
